State aid will be disbursed on or about November 15 for those plans that met the reporting requirements.

A listing from the Minnesota Department of Revenue of the 2016 fire state aid and supplemental state aid amounts can be found on the OSA website at:

5. Avoiding Pitfalls: Audit Follow-Up

Making timely and practical use of audit findings should be a key part of a public entity's internal control system. When a public entity's auditor provides audit findings, the public entity should develop a corrective action plan to resolve each finding. The corrective action plan should identify the person responsible for resolving the finding and a target date for resolution of the finding. Progress on resolving the findings should be monitored until the findings are either fully resolved or no longer applicable.
