

Appendix 2 1997 and 1998 Budgeted Revenues and Expenditures by County

Explanation of Appendix 2

Budget data used in this report are unaudited revenues and expenditures reported to the Office of the State Auditor by Minnesota counties. The form (see Appendix 3 on page 57) used to collect this information requested that counties provide three types of data: *1997 budget, 1997 amended, and 1998 budget.*

The *1997 budgets* are the 1997 budgets adopted by county boards in November and December of 1996. Some counties submitted 1997 budgets that were revised from what they submitted to the OSA last year. **Therefore, the 1997 budgets presented in this report should replace those found in last year's report.**

The *1997 amended* data represent an estimate of the counties' final 1997 budget as amended by the county. The inclusion of this data is intended to give county officials an opportunity to show any major changes that may have occurred between the adoption of the 1997 budget in late 1996 and the close of the 1997 calendar year. The *1997 amended* data was not used in the analysis, but is provided for further understanding of counties' financial situations.

The *1998 budgets* are the 1998 budgets adopted by county boards in November and December of 1997.

The analysis of the data presented in this report focuses solely on the 1997 and 1998 budgets.¹
